FIRE DESTROYS BARN. A barn and its contents on the Edward C. Heuge farm, west of the Fox River on Route 173, was destroyed by fire early Saturday morning. Fire Chief Tod Maplethorpe estimated damage to the building at about \$10,000. Besides the equipment and tools in the barn, three horses and several other animals were victims of the blaze. Thirty-one firemen from Antioch, along with men and water from Trevor and Spring Grove, fought the fire for two hours. (Staff Photo)

Sidewalks pose problems for Board

Sidewalks: when should they be repaired and who should pay for the job? That was a problem confronting the Village trustees Monday night.

Trustee Ron Cunningham presented a bill from a resident of the Village Green subdivision (Garys Drive area), which, he said, was for the repair of a broken sidewalk in front of the resident's home. Cunningham explained that he had been asked last spring about having the walk fixed and had told the individual that it was his understanding that the Village would pay half the cost. This person, Cunningham said, had taken it upon himself to have the work done and was now seeking half the cost from the Village.

The discussion that followed ranged over several aspects of the problem. Concerning the situation at hand, the other trustees generally agreed that Cunningham had advised the citizen in good faith, but that a problem existed if any resident were free to initiate sidewalk repair and later present a bill to the Village.

"I don't think the Village should pay for replacing sidewalks without some kind of prior approval from the sidewalk committee or the Board itself," said Irv Walsh.

Mayor Robert Wilton pointed out that this had been the general policy in the past. The committee, he said, viewed the sidewalks and, when they felt

that a particular section needed repair, they approached the property owner seeking to enter into a cost-sharing agreement. In this way, it was stated, the advantages of letting a large number of projects out for bid at one time could be realized.

"If there is no sidewalk construction carried out by the village in a particular year," asked Trustee Marge Nelson, "does that mean that an individual has to wait for a year before he can get his walk fixed?"

"Yes, unless it presents an obvious safety hazard," advised the mayor.

Mrs. Nelson had another question about who would select the contractor for the repair work. At that point, Wilton suggested that a decision be made on the specific case before them and that the sidewalk committee meet to develop a general policy. With that, the trustees voted to pay \$112.50 for their share of the sidewalk repair.

The sidewalk extension along the south end of Main Street came back to haunt Trustee Walsh in the form of several bills covering work on the project. Walsh had voted against the project when contracts were let, saying that walks were needed more urgently in other areas of the Village. At Monday night's meeting, he cast three lone dissenting votes against paying the contractor's bill, the

engineer's fees and the surveyor's fee.

Despite Walsh's vote, the Board approved payment of \$5,500 to Laursen and Blackman Cement Contractors, \$9,748.64 to Applied Engineering (which covered several other projects also) and \$85 to R.E. Allen surveyors.

The Board also voted to allow Waste Management Corp. to erect a temporary building for storage and repair of their trucks at the landfill site east of the industrial park. The matter had been under discussion for several weeks, as the Planning Commission questioned the legality of the landfill operation itself. Without commenting on this aspect of the case, the trustees approved the temporary building for a five year period, subject to renewal.

Mrs. Nelson informed the Board that the special committee looking into the possibilities for codifying the Village ordinances does not wish to pursue the matter any further at this time. When questioned on why they decided this, she pointed out that with so many changes currently underway in connection with the preparation of a Comprehensive Plan for the Village -- which will involve the revision of several ordinances -- the committee felt it would be best to wait on the codification.

Village Engineer Frank Angelotti discussed at length the

Assessments not thrown out yet

Harry Robin, chairman of the Lake County Board of Tax Review, told THE ANTIOCH NEWS Tuesday morning that there has been no decision made yet to throw out the 1973 assessment of property in the county.

"There has been no such ruling," Robin said. "The States Attorney did not give a ruling, and does not have the authority to do so," he added. Robin explained that the Board of Review is given the authority for deciding the matter of the validity of assessments.

A large number of cases have been filed with the Board by persons dissatisfied with their assessments, Robin said. These cases raise many different questions concerning the assessments. At present, according to Robin, the Board of Review is beginning to hear evidence in the cases. "It would be premature of me to comment in detail before all the evidence is heard," he stated.

Robin explained that States Attorney Jack Hoogasian, as

the Board's attorney, had been asked to meet with the Board last week to give them a picture of their legal options in dealing with the cases. Hoogasian confirmed that he had told the Board that, in his opinion, there were three options open to them: 1) to void the assessment for 1973 and resort to the 1972 assessment, 2) to re-publish the new assessments in the proper form required by law, or 3) to hear the individual complaints that have been filed, allowing the possibility that some of these may be taken to court.

There has been no decision made yet, Robin emphasized. News stories published over the weekend, he said, "merely represent the various options that the States Attorney gave us."

"This reporter chose to make headlines out of it," Robin added.

Questioned as to how the cases which the Board is currently hearing affect the

Village to seek bids for Oakwood Knolls storm sewer

Bids will be opened February 15 for the installation of a new, larger storm sewer line serving the Oakwood Knolls area. The Village Board authorized the solicitation of bids at its Monday night meeting. The trustees had previously approved the route and financing of the project.

The new sewer will replace existing lines, which are too small, according to Village Engineer Frank Angelotti. The existing lines are 18 and 24 inches; the new line will range from 30 to 54 inches in diameter.

The new line will begin at the south side of the intersection of Cedarwood and Maplewood Drives and extend west along the south side of Maplewood. After crossing under Oakwood Drive, the line will run south along the west side of that street, crossing under North Avenue and continuing south behind the properties west of Garys Drive to a ditch at the corner of the Arbor Ltd (Curnes) property.

For the present, that ditch is

to remain open. The developers of the Curnes property have agreed to lay a 60 inch line in the ditch and cover it over when their housing development is constructed. The storm waters will eventually empty into a retention pond to be built as part of the Arbor Ltd development.

Angelotti estimated the cost of constructing the storm sewer from Cedarwood Drive to the corner of the Curnes property at about \$101,000. This will be paid out of the Village's General Fund, Revenue Sharing and Motor Fuel Taxes.

A further extension of the project has been proposed by Angelotti, who said that it would probably be constructed whenever additional funds are available. The extension would begin at the south side of the intersection of Hazelwood and Maplewood Drives and extend east along Maplewood to connect with the new sewer at Oakwood Drive. Angelotti estimated the cost of this extension at about \$27,000.

Discrimination at Upper Grade School

Investigation by this newspaper has disclosed definite incidents of discrimination at Antioch Upper Grade School.

While visiting the school to photograph an eighth grade class project, this reporter observed in several seventh grade classrooms that a certain segment of the student body was consistently seated in the back of the room. These same students were seen to be the objects of student taunting in the halls between classes.

Further investigation revealed that one set of washrooms were posted with the sign, "Purple People's Washroom." A drinking fountain nearby bore the sign, "Purp's Fountain."

With little more than casual

observation, it became evident that the Purple's at the Upper Grade School have become the objects of concerted discrimination and subjugation. They are required to wait outside the lunchroom until all other students have entered. Then, they must sit at a separate table in one corner of the room. During one lunch period, several students were heard to ask, "Who's going to take our trays back?" to which a teacher responded, "let's see which Purp makes the first mistake."

Outside the lunchroom, a teacher was seen unbraiding six Purple's, lined up against the wall. The teacher used such words as "scum" and "stupid" in speaking to the students, who

Chamber officers installed at Dinner-Dance

GAVEL CHANGES HANDS. Don Walsh (right), new president of the Antioch Chamber of Commerce and Industry, receives the gavel from outgoing president Jay Dziki, in ceremonies Saturday night at Lorenz's. (Staff Photo)

Last Saturday evening, January 19, the 1974 officers and directors of the Chamber of Commerce were installed at the dinner dance held at Lorenz's Smart Country House.

Director, Jim Lumber introduced Don Walsh of Walsh's All Seasons as the new president. Don has some very special plans for Antioch during his reign. We hope they all can be accomplished. Jay Dziki, retiring president was presented with a plaque by retiring director, Mrs. Elaine Oftedahl for his outstanding service to the Chamber and Antioch during his term of office.

Other officers for 1974 are Richard Kirkpatrick of Charm-glow Products, 1st Vice-president; Preston Reckers of the State Bank, 2nd Vice-president and Richard Ford of Antioch Carpet is the Secretary-Treasurer. William Barr, Barr Funeral Home; Terry Folbrick, Stanley's Men's Fashions; Gordon Cornelius, Cornelius Real Estate, James Lumber, Attorney and Frederick J. Walpole, Antioch Savings and Loan are directors for the year.

Dancing followed to the music of Doc Falknor and his band.

Sidewalks pose problems for Board

Continued from Page 1

problem of providing an alternate power source for the nine lift stations in the Village should the regular power go out, as happened several times during the past summer. Such an alternate power source, Angelotti said, is required by the Environmental Protection Agency on all new projects of revisions of existing stations. He presented several alternatives and added that he would study the matter further, having heard some of the trustees' ideas.

Trustee Walsh asked for an ordinance establishing a permit system for the posting of any signs on utility poles or trees on public property in the Village, referring in particular to political posters. Mayor Wilton turned the matter over to the Environmental committee of Weber, Nelson and Seeman. Trustee Seemann asked to withdraw from the committee

in favor of Mr. Walsh, saying "It's your baby." Wilton, in turn, created a special committee of Weber, Nelson and Walsh to study the matter.

Michael Lindstrom of Lake Villa was hired for a temporary period to work full-time for the Public Works Department, replacing an employee on sick leave.

Attorney Andrew Lynch reported that he has almost completed drafting an agreement between the Village and the developers of the Arbor Ltd. housing project on the former Curnes property. Lynch said that he would get a copy of the proposed agreement to the trustees later this week so that they may examine it before the next Board meeting. If the trustees give tentative approval to the agreement, it will be sent to the developers for their concurrence. Then, it must come back to the Board for final approval. "They are anxious to get going on the project," Lynch said.

silently accepted the abuse.

Questioned on the incidents that had been witnessed, Principal William Herbst said that he was pleased with the situation. He directed further questions to seventh grade teachers, Mr. Estep and Mr. Booth, who, Herbst said, were the organizers of the anti-Purple campaign.

Mr. Booth said that he and Mr. Estep felt that "a concerted effort to discriminate against the Purp's by both teachers and students was the only true way of learning what it feels like to be in a minority." He added that individual students are designated as Purple People - identified by wearing large purple signs - for a period of two days.

Mr. Estep revealed that a few students were not able to last for even two days. Many of these, he said, tore off their purple signs during the second day, declaring that they could not take the abuse and taunting. This, he indicated, was one of the significant lessons to come out of the project.

Themes on prejudice and discrimination concluded the class project, Mr. Booth said.

DONATE BLOOD, PROTECT YOUR FAMILY

We have published recently news stories concerning the group blood assurance program which provides coverage to all parishoners of St. Peter's parish and their families. We certainly encourage all members of that parish to take part in this worthwhile endeavor, so that the group quota of 180 pints of blood can be met.

But what of those who are not members of this parish? Mrs. Thomas Aschbacher, chairman of the program, tells us that she has already had to ask the Red Cross to plan on staying at the parish longer than anticipated so that all those who have signed up can be taken care of.

According to a spokesman for the Cooperative Blood Replacement Plan, Antioch area residents can participate in their program by donating blood at St. Therese's Hospital in Waukegan.

The CBRP provides that upon donating a pint of blood an individual becomes eligible for unlimited blood replacement at no cost to him (or her) for the length of time of the membership. CBRP's family plan enables a family of husband, wife and all children under 19 to receive full benefits for one year. A joint membership covers two years, and a single membership is available for four years.

Last year, 92,070 area blood donors were enrolled in the plan. But the area needs over 200,000 pints of blood a year. This need continues to represent a community challenge of immense proportions. Moreover, during winter months, blood supplies at hospitals and blood banks are usually at their lowest.

For more information on how you can become a volunteer blood donor, call the Cooperative Blood Replacement Plan at 477-7500.

If you are a parishoner of St. Peter's, call and offer to donate blood to the parish program.

If you're not a member of that parish, it's a bit further to drive, but consider donating at St. Therese's Hospital and protecting yourself or your family through the CBRP.

POSTMASTER BARNAS URGES USE BOX NUMBERS

Postmaster Barnas urged all rural and star route postal customers served by the Antioch, Illinois post office to use box numbers as part of their return addresses to assure faster, more efficient mail deliveries from correspondents.

"Although box numbers are an integral part of most rural and star route addresses, it has recently become the practice of many postal customers to omit this element," Postmaster Barnas said.

"This practice sometimes causes mail to be returned to the sender because of an insufficient address. It has also been cited by publishers and

other large mailers as one of the major causes of duplicate mailings to rural customers.

"These duplicate mailings hurt everyone," Postmaster Barnas said. "They cost the big mailers in dollars and cents, and because they flood the mail stream, everyone's mail is slowed."

Postmaster Barnas said the box number is as important to rural and star route addresses as the house number is to city addresses.

"Unless a rural or star route address contains both, the box number the route number, it is an incomplete address and is subject to return to the sender," Postmaster Barnas said.

Ask the Governor

Q. I am writing to you today to ask that you direct your attention to another dire situation now facing the American Farmer.

I find that I am unable to purchase dicalcium phosphate for feeding my hogs. It is impossible to continue to produce pork profitably for our tables without this feed ingredient. I am told by my suppliers that some of the factories have been selling only to foreign markets for tremendous prices. An additional amount is being used in the production of fertilizer for corn which could be produced without it.

Any help you could give me in getting some straight answers will be deeply appreciated. Animals cannot go without feed any more than people can go without food.--Joseph R. Edwards, Princeton.

A. Thank you for your letter concerning the shortage of dicalcium phosphate feed additive.

I am aware of the situation, and have instructed the Department of Agriculture to investigate and keep me informed.

Two major factors seem to have led to the shortage. Borden's which supplies more than 50% of Illinois' dicalcium phosphate needs, was shut down for more than 100 workdays last fall and has just recently resumed production. In addition to this, a number of dicalcium phosphate plants have closed because, in previous years, the price of the product was so low that it proved unprofitable to continue production.

Producers were also faced this year with fuel shortages, strikes, transportation difficulties and power-outages.

Although the influence of state government is limited, we are strongly urging the federal government to take the necessary steps to insure that domestic demands be met and have sent letters to the U. S. Department of Agriculture asking for their help.

We will continue to do whatever we can to make sure dicalcium phosphate is available to Illinois farmers who provide much of the base of this state's economy.

Letters to the Editor on any current issues are welcome. Only letters with names can be considered for this column. Signatures will be withheld on request. Letters cannot be returned and are subject to minor editing.

Gentlemen:

Thank you for all the informative and excellent publicity your paper has given our school through the past year. Without your support it would be impossible for us to continue to grow and properly serve our students.

Our residential building is well on its way to completion, and by the summer we hope to have it ready for occupancy. For this building we will need beds, linens, tables, chairs, lamps and all such things.

Again, may we say "thank you", we appreciate your help to The Grove School.

We wish you the best of all things for the New Year.

Sincerely yours,

Margaret Paulsen

Gov. Dan Walker invites you to question him about state government and what state government should be doing for people. All questions will be answered by Gov. Walker and some of the questions and answers will appear, probably condensed, in this column. Letters must be signed and an address provided. Upon request, your name will be withheld. Send to: **ASK THE GOVERNOR**, Illinois Information Service, 201 W. Monroe St., Springfield, Illinois 62706.

Taffy meets reality on "dream" trip

"The whole trip still seems like a dream. But, looking back over it all, I know that it was just as real as what I have here." Thus did Taffy Engelhardt sum up three-and-a-half months of travel around the Pacific, with stops in more than a dozen ports.

Many people, she added, seem to think of her trip as somehow "unreal," asking her how it feels to get "back to the real world."

Despite the dream-like quality of her experiences, resulting mainly from the rapid pace at which totally new experiences hit her, Taffy insisted that she was definitely in contact with real-life situations all the time.

With wisdom born of travel and exposure to others, Taffy asserted that, "A lot of learning is still coming now, as I think about the trip and reflect on it."

The former high school cheerleader, class officer and honor student was chosen to take advantage of the travel and study opportunity won by the school in a television academic competition. More than an ordinary tour, the ship is actually a floating school, with classes and credits offered through Chapman College, Orange, California.

Since the student-travelers were free to go as they pleased in each country while the ship was in port, they could learn to the extent that they were willing to go out of themselves and meet others.

"We found a country most satisfying when we met people," Taffy said. "I usually travelled with my roommate; our goal was to get out of the city. The large port cities were so superficial." It was in the countryside, in the small towns and villages, that one could experience and appreciate the local culture and customs most fully.

When she and her roommate journeyed, they usually did so without any specific destination. The way to meet people, Taffy indicated, was, first of all, to be out among them. Whether travelling by train, on a bus, or just walking down the street, the most effective approach to the natives was to ask directions.

To an extent, according to Taffy, one has to rely on appearances. "We stopped people who looked nice and friendly, to ask directions. Usually they wanted to take us

themselves." The natives, it seems, were as eager to meet young Americans as the students were to make contact with the real culture.

Once contact had been established, the learning -- and the fun -- began. People opened their homes to Taffy and her fellow travellers, she revealed. Or they took time out from whatever they were doing to show them some local landmark.

Communication, Taffy reported, was not as difficult as one might imagine. "About half the people we met knew some English," she said, "especially in the cities and among the younger people." When their hosts did not know English, she added, the students had to resort to the little amount of the native language that they had learned on board the ship, or try to communicate non-verbally. "Unfortunately, it's hard to carry on much of a conversation in sign language or pidgin," she stated.

Questioning did not center on topics such as Vietnam, the Middle East, nor the energy crisis, according to Taffy. The most frequent areas of concern seemed to be how Americans live, the relationships between the sexes, whether the Americans worked, what they did in their spare time.

Almost everywhere they went, the students had to deal with the natives' stereotyped images of Americans. This was probably the hardest part of the entire experience, Taffy said. It was difficult sometimes to explain that all Americans are not alike, that movies and news reports and other tourists are not necessarily representative of all Americans.

"There might be a different stereotype from country to country, but most people were dying to meet an American, to see what we are really like," Taffy said. "I was proud to be an American, but many times it created a difficulty to be known as one, to have to put up with the stereotype."

Not all of the learning took place off the ship. First of all, regular college classes were held on board, between ports. Taffy mentioned that she was one of only a few freshmen among the 470 students on the cruise, and so, she added, she had to put in a lot of work to keep up with the upperclassmen and the graduate students in her

classes. Starting with 19 hours of credit, she soon found that the work-load was too much. After dropping back to 13 hours, she was able to keep up with her classwork.

The break from high school to college life is usually somewhat upsetting, getting used to a new type of self-reliance. For Taffy, the experience was complicated not only by the exposure to a dozen or more different cultures, but by the unique nature of the ship-board life.

"It was hard to try to build any kind of community among the students during the short time between ports," she said. Everyone seemed to be living their lives and participating in activities on a very intense

level, according to Taffy. "It felt like a fish-bowl, you couldn't get away from it."

"There were no rules on board the ship," she continued. "People could do pretty much whatever they wanted." That situation really put pressure on her, Taffy admitted, especially in areas where she did not feel that she should go along with what everybody seemed to be doing.

"A person really had to depend on herself. I had to make my own decisions and stand by them," Taffy said. There were no rules to fall back on, each person was on his own.

"It was really worthwhile to see and experience other life styles" -- both in the foreign

countries and on board the ship -- Taffy asserted. Perhaps the greatest lesson, she concluded, was that there are other alternatives than what one is used to.

"You don't have to go through your life following the same routine as everybody else."

Note: This article presents some of Taffy's general comments on her recent visit to the Far East. The regular series of her reports from each country visited will continue next week with the conclusion of her visit to Japan. Articles on the last few "ports of call" are still coming in and will be published in future issues of the paper.

SHOOTING THE RAPIDS. One of the more exciting activities on Taffy's Far Eastern adventure was shooting the rapids near Pagsanjan Falls in the Philippines.

FUEL SHORTAGE ANSWER? Taffy Engelhardt used many different modes of transportation during her three-and-a-half months travelling around the Pacific, including this rickshaw in Hong Kong.

GRADE SCHOOLS HAVE GAS, BUT PAPER MAY BE A PROBLEM

Gas allocation for the grade schools is on a month to month basis with a cut of 15 percent per month. During the nine-month school year, approximately 19,500 gallons of gas are used. This may seem to be a vast amount, but a bus only gets 7 miles to a gallon. Business Manager Sam Kohr pointed out that the district is in good shape

and should a difficulty arise in obtaining gas, he has seven service stations lined up who will sell gas to them at retail prices less the taxes the school is exempt from paying.

Along with other current shortages, the rising price of paper caught the attention of the Board members as they were approving the monthly

expenditures. Paper may be scarce by this fall and some schools are attempting to stockpile it now.

In other action, the Board gave its approval to architect Don Anderson to proceed with the work involving improvement of the school facilities so that they meet the Life-Safety requirements set by the State.

The Board also accepted Country Companies Mutuals Insurance bid of \$12,912.47 to insure the buildings (furnace, air conditioning, etc.). Some doubt was expressed as to who the low bidder actually was, but this was cleared up when it was learned Country Co. bid on the air conditioner twice, thus their bid was lowered by \$722.

Board members were told that four freshmen boys have admitted breaking and entering the Antioch Grade School and the Upper Grade School Sunday, January 13. Filing cabinets were broken into and damaged and acid was poured on the floor of a classroom as well as on some desks at the Lower Grade School. One window was broken at the Upper Grade School, presumably for entry by the vandals, though nothing else was damaged there. Superintendent Meyer informed the Board that the parents of the boys have agreed to reimburse the school for damages incurred. He also remarked that this information came from the police and that

he had not yet talked to these boys personally.

On February 21st, a half-day reading workshop will be held for the Kindergarten through fifth grade teachers and also will include the language arts teachers from the Upper Grade School. A reading consultant will be present as well as book salesmen. The present reading program has worked so effectively that it will be expanded to include the fourth and fifth grades this fall. Teachers agree that since this program was adopted children are reading independently much better than before.

By: Debra Kelly

Along the Way with

Annie Mae

I'll bet all of you snowmobilers are glad to see that pretty white stuff falling again, but for all of us non-snowmobilers Ugh!!

Mrs. Effie Nelson received a very special present on her 92nd birthday last week. Her great great granddaughter, Malissa Jane, was born on January 18 also.

Marion Prange was a proud mother and grandmother this past weekend. Her son and two children came from Merrill, Wisc., to compete in the Cross Country Ski Meet held in Kenosha. In their respective divisions, Richard Prange came in fourth and children Jill and Mike, came in 1st and 4th. This was the first such meet held in this particular area. They are more prevalent up north.

Rick Johnson, 1972 graduate of ACHS is now serving with the U.S. Navy. He sure would like to hear from his Antioch friends. Rick Johnson, 337468197 Co. 003, USNCTC RTC, San Diego, CA 92133.

We also heard from our old friend Elfrieda Mau. She is still in the hospital. Seems she developed a heart condition after her accident and must have complete bed rest. Why not drop her a card - Mrs. Elfrieda Mau, 2250 Union St., 1-F, Blue Island, IL 60406.

Lots of familiar faces at the Chamber Installation Dinner Dance last Saturday evening. Everyone sure enjoyed the music of Doc Falknor and his band. Our congrats to all of the new officers.

Anyone interested in attending the Antioch Mental Health Association meeting, please come to Lorenz's Smart Country House on January 28, 8:00 p.m..

Don't forget to nominate your candidate for this year's V.I.P. Deadline is January 30. Call 395-1217.

Celebrating their birthdays this week are: Elaine Surrock and Joanne Dugenski on the 23rd, Stephanie Seemann on the 24th, Mary Carney on the 27th, Adeline Neyrinch, Bill George-son, Nancy Howard and Karen Planey who will be 1 year old on the 28th, Barb Madden, Mark Haley and that lovely lady Mrs. Wanda Oftedahl on the 29th. Happy birthday everybody!!!!

See ya,

Annie Mae

485 LAKE STREET, ANTIOCH 395-3111

EIGHTH GRADERS BUILD HOMES. Pete Clevon, vice-president of the First National Bank, discusses some of the aspects of financing a new home with eighth graders who have been learning-by-doing (on paper, at least) in the current mini-school project. (Staff Photo)

Upper Grade Students Busy Building Houses

Eighth grade students at the Antioch Upper Grade School are doing everything short of swinging hammers and pounding nails, in the school's latest Mini-School Project. They are building houses on paper. Since most students will one day be in a position to consider building or buying a home, the project was set up to give each individual some insight into the complex project of designing and financing his living quarters. The program is scheduled to last for a two week period.

Students were divided into small groups and then given a "life situation" to start them off. Drawing blueprints, buying materials, and arranging loans

are only a few of the steps which the students must take to complete their homes.

To aid the students in their research, several local businessmen have co-operated with the project. Mr. Jay Dziki from Tiffany Real Estate talked to the students about what to look for in a home. Mr. Peter Clevon from the First National Bank of Antioch discussed with the students the financial aspects of buying a home. Mr. John Croak from Eddie's Carpeteria in Mundelein explained the art of floor coverings to the students. Mr. Tad Bond from Mid-American Title and Trust, in co-operation with Mrs. Betty

Wright, talked about closing the deals on the students' homes. Many other business people of Antioch have courteously shared their expertise with students seeking information by phone or in person.

Mrs. Mary Kern, Project Coordinator, has been aided by Mr. John Estep, Mrs. Susan Campagna, and Mr. Robert Lipinski. They feel that, thus far, the building idea has worked well. They note that students are finding new problem-solving approaches to old questions. It is the guess of their instructors that many of these eighth graders will come up with imaginative new ways to handle home building.

By: Susan Campagna

American Legion Auxiliary

BY: Del Jahneke

The 10th District American Legion Auxiliary will hold their board meeting on January 28th, at 8:00 p.m., at the Grayslake American Legion Home. Mrs. Norman Holt, North Chicago, 10th District President, will preside at this session.

"Emergencies happen suddenly, but they need not catch us unaware. A little thought and planning beforehand can save grief and heartache and make us confident that we will do the right thing in the face of danger. Civil defense and Emergency Planning begins at home with YOU" states Mrs. Hubert Severs, Lake Regions' Unit of Fox Lake, district civil defense chairman of the 10th District Auxiliary. "Preparedness can help protect you from peacetime disasters such as floods, earthquakes, large scale fires, tornadoes, huge mud slides and

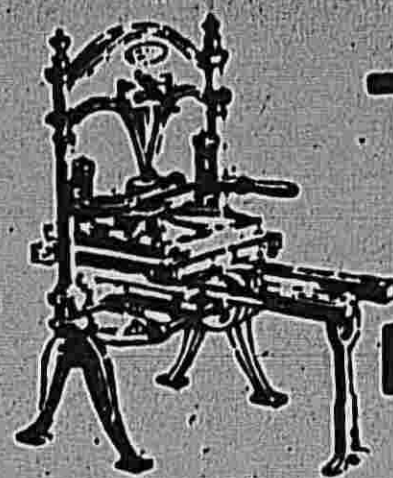

bad blizzards. Your local Red Cross will train you in first aid, home nursing, as nurse's aides and for the blood donor program".

Mrs. Severs suggests that all civil defense chairmen and Unit members make concentrated efforts in the following eight point program: 1 - As much as possible, emphasize national defense day, December 7th and national civil defense (CD) month of December, with special CD programs, window displays, speakers regarding CD, movies, etc.; 2 - Encourage local forums, and work with the national security chairman in the other phase of the CD program, that of nuclear attack and radiation fall-out, etc.; 3 - Investigate local shelters and learn just where they are located; 4 - Continue home study courses designed for all citizens, and take the

Medical Self Help course through the state health office; 5 - Help to establish local CD offices in Communities where none existed; 6 - Study the lesson course for "Home Safety and Disaster Preparedness"; 7 - Stimulate interest in the CD program in your area, work with city and county officials; in time of emergency, be alert and available, know what to do, take action for the safety of your family and community; and 8 - As a project to be stressed in each Unit member's home; label each medication in your medicine cabinet categorically for cuts, burns, poisons, etc., to insure the safety of your family in case of emergency.

When the Palm Sunday tornado hit the Lake Zurich area several years ago, the Lake Zurich American Legion and Auxiliary lost no time in aiding their stricken townspeople. They set up their Legion Home as one of the headquarters, kept it stocked with blankets, clothes, foodstuff, medicine, etc. Legion and Unit members worked "around the clock", preparing food and feeding people, helping to salvage people's possessions, "bedding them down" in the Legion Hall and in member's homes, etc. Their Legion and Unit were honored by the state and national American Legion for their actions at this time of tragedy.

For any further information regarding civil defense and emergency planning, Mrs. John W. Horan can be contacted as the Antioch Unit civil defense chairman.

The Time Machine

70 YEARS AGO JANUARY 21, 1904

Buy your Chicago railroad tickets of L.B. Grice at \$1.50 for round trip. Cheaper than walking.

The Lake Bluff site for the contemplated Great Lakes Naval Training Station has the best of backing in the person of Rear Admiral Taylor, Chief of the Bureau of Navigation.

50 YEARS AGO JANUARY 24, 1924

The high school girls are doing very well in their basket- and volley-ball work. We expect them to play the boys soon. The Frank King ice house was being filled the first of the week.

20 YEARS AGO JANUARY 21, 1954

In an effort to prove that people who work in this community spend their money here, John Dupre, proprietor of the Lake County Sheet Metal works, paid his employees with 550 silver dollars last Friday.

Antioch's mild winter was given a sudden, jolt Saturday night when the mercury started falling and by morning landed at 14 degrees below zero.

10 YEARS AGO JANUARY 23, 1964

Although the Village of Antioch approved the referendum for the establishment of a junior college in the county, the proposition was defeated on a county-wide basis.

J. Ernest Brook, president of the State Bank of Antioch (formerly the Brook State Bank) for over 50 years, died last Thursday at the age of 87.

Conservation Dinner and Annual Meeting

The sixteenth Annual Dinner and Meeting of the Lake County Soil and Water Conservation District will be held on Saturday, February 2nd at 6:30 p.m. at the Farm Bureau, Routes 120 and 45 in Grayslake. Tickets for the hand-carved roast beef and chicken dinner (all you can eat!) are \$5.00 each. Everyone is invited to attend. Reservations may be obtained by writing or phoning the District Office P.O. Box 555, Lake Zurich, 438-5427 or 438-6319.

Delbert J. Cook, Cedarburg, Wisconsin, will give a slide presentation on "THE TIME HAS COME TO DO THE

IMPOSSIBLE". Mr. Cook was featured in the July, 1970 issue of Reader's Digest in "HE BROUGHT A STREAM BACK TO LIFE" and is extremely active in many conservation-preservation projects.

All interested persons are urged to attend the dinner and meeting and become acquainted with the duties and activities of the District. Directly after the dinner (7:30 p.m.) an election will be held for four directors. All owners and/or occupiers of land within the district are invited to participate in the election.

Dear Patient:

A special service of this pharmacy is the Family Prescription Record. This file system enables us to keep a complete record for each patient and his family. The name of each family member is entered with his age, drug allergies, reactions and special disease conditions (such as diabetes). When your physician orders a new or refill prescription, we enter on your card the date, prescription number, patient's name, the medication, strength, quantity and fee.

This file system helps us to trace prescriptions quickly and accurately even when a patron does not have a prescription container or cannot remember the prescription number.

As a further service, upon request, we offer to each patient in January, a copy of his prescription purchases for insurance purposes and income tax deductions. This complete record and its ready availability result in real savings each year for many families.

This is our way of practicing pharmacy as a professional service in our community. Where your health and that of your family are concerned, only the highest quality medications and the most complete service can be acceptable. Just as you seek a doctor who will know you and your family over the years, you will benefit from finding a family pharmacist who will know how to care for you.

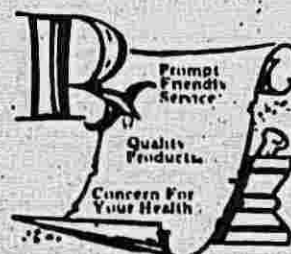

Our pharmacy hours are 9 a.m. to 9 p.m. Monday through Saturday and 9 a.m. to 2 p.m. Sundays. Do not hesitate to call on us. Our pharmacy telephone number is 395-4151.

Your Family Pharmacist,

William E. Mendrala, B.S. R. Ph.

OVER 500 RETURN SURVEYS

More than half of the one thousand Resident Attitude Surveys sent out recently by the Antioch Planning Commission have been completed and returned, according to Village Clerk Marilyn Sterbenz and Treasurer Shirley Gutowski, who kept track of the returns.

The 486 questionnaires that were received by Friday's deadline have been sent to St. Louis, where they are being tabulated by the professional planning firm Harland, Bartholomew and Associates. Bruce Christensen of the planning firm told the Commission at its last meeting that he expected to have the results of the survey for them at their meeting Thursday, January 24.

Marilyn and Shirley said that "unofficially" they will attempt to integrate any surveys received after the deadline into the tabulations from St. Louis. By Monday afternoon, about 35

more had been received.

Having looked through most of the questionnaires received, the two women agreed that the over-all impression is of "a very satisfied citizenry."

"Almost everyone mentioned specifically about the excellent services of the Rescue Squad, Fire Department and Police Department," Shirley said. Other community assets cited frequently include the good cross-section of retail stores, the library and the banks.

One of the most common shortcomings pointed out by respondents to the survey is the problem with traffic and parking in the downtown area. There were also many seasonal complaints about the inadequacy of snow removal from sidewalks. "If this had been summer," Marilyn suggested, "these people would probably have referred to mosquitoes or some other seasonal situation."

MRS. PARIS VISITS SEQUOIT V.F.W.

Sequoit Auxiliary V.F.W. met on January 14th with president Ida Wysoglad presiding. Attending the meeting were Mrs. Ardarth Paris and daughter Cindy, from St. Charles, Illinois. They were here to make the yearly inspection, view the meeting and inspect the books. They were very happy with the work being done in the organization and very complimentary to us.

Ellen Flint, membership chairman, reported the auxiliary has reached its 100 percent membership goal for 1974.

Olive Hallwas, cancer chairman, arranged a Silent Auction for her money making project after the meeting - the money to

be donated to the Cancer fund. A donation for canteen books went to Downey hospital.

Shirley White served refreshments which were enjoyed by all. The next meeting will be on February 11 at 8:00 p.m.

ANTIOCH GARDEN CLUB HOLDS MEETING

The Antioch Garden Club will hold their regular meeting Monday, Jan. 28, at 12:30 p.m. in the First National Bank Building Community Room. Environmental improvements by Ray Nicholas will be the program. Mrs. A. Mingarelli and Mrs. C. Klentz will serve as hostesses.

SO-CI'E-TY

n. pl. TIES. (L. societas fr. socius a companion; cf. F. societe. See SOCIAL) the relationship of men associated in any way to one another: companionship; fellowship; connection; participation.

Contest to Guess Lady Audley's Secret

Just as we were beginning to settle down after having fought our way through the winter holidays, we find ourselves in the presence of the hard necessity of trying to discover what Lady Audley's secret is. PM & L, Antioch's community theatre group, is trying to cope with this problem by sponsoring a contest to learn the secret. If you have a good guess as to what it might be, send it to PM & L, Box 23, Antioch. Contest winners may receive free tickets to performances at which the secret will officially be revealed.

"Lady Audley's Secret," a musical melodrama, is the next production to be seen live on the stage of the PM & L Theatre, 877 Main St., in Antioch. Scheduled playdates are the Friday and Saturday evenings of February 9, 15, 16, 22 and 23. The musical, now in rehearsal, is directed by the PM & L veteran Ken

Smouse. Members of the cast include Dena Fabry as Lady Audley herself; Tessa Smith as Phoebe; Don Beveroth, Luke; Bob Bundy, Sir Michael Audley; Rita Shields, Alicia Audley; Lou Jones, Captain Robert Audley; Tom Hausman, George Talboys; Lyn Zaehler as the maid; and Bill Sershon as the butler. Others taking part in the production - chiefly singing and dancing members of the chorus - are Dee Baum, Becky Montooth, Jacque Vogt, Ricky and Hank Apostol, Nancy Mancuso, Tim Shields, and George Blanksten.

To reserve your seats to see this British-type musical melodrama, call 395-9702. Meanwhile, join in the fun of the contest to guess what Lady Audley's secret is. You have nothing in particular to lose, and you just might win a pair of free seats to see the secret dramatically exposed on February 9, 15, 16, 22, or 23.

New Square Dance Club Forms in Antioch

Sweet Corners, a new square dance club being formed in the Antioch area announces its beginners class starting Friday night, January 25, 1974 at the Scout House on North Main Street. The hours for the beginners class are every Friday evening from 7 to 8:30

p.m. with regular square dancing following from 8:30 to 10:30 p.m.

All square dancers are invited to attend the regular dancing, 75 basics. The caller will be the well known Bill Shymkus. For further information call 395-5931.

SUE SEDIVEC TO SPEAK AT OAKWOOD KNOLLS PROPERTY OWNERS ASSOCIATION MEETING

Susan M. Sedivec, Community Relations Officer for the Antioch Police Department, will be the guest speaker at the Oakwood Knolls Property Owners Association meeting, Wednesday, January 23. The meeting will begin at 8:00 p.m. and will be held in the Community Room of the State Bank of Antioch.

Emmons Honor Roll

The following students have attained Honor Roll status for the second nine weeks grading period.

Eighth Grade. Dawn Costoff, John Eder, Debra Layton, Violet Meuter, Danny O'Brien, Tracy Sodman and Bill Strzelcecki.

Seventh Grade. Carole Duha, Tom Connelly, Scott Gallagher, Denise Grohs, Patty Gross, Karen Klean and David Volling.

Sixth Grade. David Berchtold, Jean Cilik, Shelly Delpeschio, Laura Dubek and Susan Dyer.

In order to be on the Honor Roll, a student must have at least 2 "A"s and 2 "B"s or 3 "A"s and 1 "C" in the four academic subjects. In character traits, no grade of "U" will be allowed for the Honor Roll. In order to receive a year end award, a student must be on the Honor Roll three times.

New Deductions

Mr. and Mrs. Donald Lessard of Antioch are the proud parents of their fourth child. Born January 16, David weighed in at 7 lbs. 14 oz. and was 20½ inches long.

The Lessard's have three other children, Scott 12, Greg 10, and Cindy 4.

Paternal grandparents are Harry and Theresa Lessard of Hayward, Wisconsin.

Maternal grandparents are Frank and Eleanor Ballwanz of Libertyville, Ill.

★★★

David Wayne Dickens, born January 16, is the new son of Mr. and Mrs. John Dickens of Antioch. David Wayne tipped the scales at 7 lbs. 15 oz. and was 20½ inches long.

The Dickens' also have a daughter, Jeri, who is 13.

★★★

Malissa Jane was born on her great, great grandmother's, Mrs. Effie Nelson, 92nd birthday. She is the second child of Mr. and Mrs. Richard Good of Antioch. Malissa Jane weight 8 lbs. 2 oz. and was 20 inches long.

The Good's have another child, Richard, who is 2½.

Proud grandparents are Mr. and Mrs. Walter Good of Holiday, Florida and Mr. and Mrs. William Meyer of Antioch.

Sequoit Happenings

Bits from Barb

By: Barb Olson

Last week at ACHS was a hectic one because it was the final week of the first semester. Semester tests were given Thursday and Friday of last week, and it was a relief to finish all the tests. Monday started the first week of the second semester. Report cards for the first semester will be distributed in a few weeks time.

Some of the girl's P.E. classes have been going outside to ice skate down at the pond near the track. They have also been building snowmen in the old football field when they weren't skating.

The girl's basketball team

won their first game of the season against Grant last Thursday. The B team won their game by a score of 35-18. The A team won their game against Grant 36-19. The girls will play Stevenson next at Antioch on Wednesday, January 23, here in the girl's gym.

The boy's basketball teams were also victorious this week. They won against Grant Friday and then won again on Saturday night against Grayslake. This year's Spirit Man is Mike Jones. Mike's duty is to lead the Sequoits in cheers with the aid of his "Spirit Can."

The Yearbook staff has come out with some new ideas on advertising their yearbooks this year. It is more interesting to listen to morning announcements now, because one can never tell when Mrs. Ano's voice will be taken over by that of the Teen-ager.

Other sports activities have started preparing for the spring season. Pretty soon track practice for the girls and the boys will begin. Gymnastics has been added this year to the athletic program. Mrs. Weidner, who is coaching the girls, says they show promise and expects them to do very well.

DEBBIE A. CANNON

Marine Pvt. Debbie A. Cannon, daughter of Mr. and Mrs. Edward Cannon of 35372 U.S. Route 45, Lake Villa, Ill., graduated from basic training at the Marine Corps Recruit Depot in Parris Island, South Carolina.

She is a 1973 graduate of Warren Township High School, Gurnee, Ill.

TWO AREA STUDENTS RECEIVE HIGH HONORS FROM EIU

A total of 812 Eastern Illinois University students has received academic honors for the Fall Semester.

Of the total, 404 students received honors and 408 students received high honors.

A grade point average of between 3.75 and 4.0 is necessary for high honors and an average of between 3.40 and 3.74 for honors.

Michael J. Hubbell, Antioch, and Constance Wiczorek, Antioch, both received high honors.

AREA STUDENTS ON CLC DEAN'S LIST

Dr. R. Ernest Dear, Dean of Instruction at the College of Lake County, announced that 373 students at the College qualified for the Dean's Honor List for the fall semester of the academic year 1973-74.

He stated that the qualifications for the Dean's Honor List require that a student carry a full load of 12 or more semester hours and achieve an overall grade point average of 3.0.

Named to the Dean's List from Antioch are: Linda Carter, Shirley Case, Diane Colucio, Wendy Erickson, Lucinda Hahn, Fred Peaslee, Sue Stanley, Lawrence Vendl, Kathleen Wurster, and Brian Hallwas.

From Lindenhurst: Deborah Bonovitz, Joan Boreen, Christy Braglia, Patricia Mohar, Barbara Pfisterer, John Quinn, Julie Quinn, Dorothy Schneider, and Kathleen Skrzynecki.

From Lake Villa: Bonnie Beasley, Margaret Gans, Diane Gramer, Marcia Kroepin, Jack Martens, Ernest Maynard, Carol Orbank, Marianne Pleviak, Norman Plotner, Nancy Rolin, Anne Splett and Barbara Vejvoda.

ABC'S OF TRAVEL

Barb Corbin

General International Travel Information

An important part of planning an international trip is guaranteeing that the traveler will experience little or no inconvenience when crossing international boundaries. To assure this ease of travel it is necessary that the individual be in possession of credentials that will permit him to leave one country and enter another; and what is just as important, to return to his country of

residence. Regulations vary widely and depend upon the country, status of the traveler, purpose of his visit, length of stay and the discretionary authority of the custom officials. However, since regulations may vary from time to time with little notice; it is best to check with your local travel agency prior to departure so as no delays will be involved or unnecessary problems. Consulates may require personal attendance when dealing with visa applications and occasionally some delay occurs before a visa can be obtained. Always allow plenty of time to attend to these details.

You may also need vaccinations or inoculations according to destination and transit points. Many areas don't require the inoculations to enter; however to return to your country of residence it is. To be on the safe side; check with your travel agency for these requirements vary daily. Ensure these are obtained well before departure in case of after-effects.

Remember your travel documents should always be kept at hand during your journey - NEVER check them in your luggage.

LAKE COUNTY SALON 191

The Lake County Salon 191 of the Illinois Eight and Forty, honor subsidiary of the American Legion Auxiliary will be holding their Valentine party meeting on Wednesday, February 6th, at 8:00 p.m., at the Mundein American Legion Home. Mrs. John Schultz, North Chicago, Le Petit Chapeau, will conduct the meeting.

TB Christmas Seals chairman, Mrs. Henry Reinke of Waukegan (former resident of Antioch) reported that all eight and forty members contacted had purchased Christmas seals. Since the prevention and control of tuberculosis in children is one of the main purposes of the Eight and Forty, this was good news. Mrs. Reinke urges everyone to pay for their seals promptly, if they haven't already done so, since there is always a real need for monetary assistance. Mrs. Philip Cole, Highland Park, was awarded the large Christmas wreath, with Mrs. Norman

Samkus of Lake Zurich receiving the smaller one. The wreaths made each year by Mrs. Fred Schultz, North Chicago, of discarded jewelry, are very beautiful and become quite a "conversation piece."

Due to inclement weather, the January meeting was cancelled. Hostesses for the Valentine party will be Mrs. Stanley Degner, Mrs. A.J. Dorn, Mrs. Charles Fenwick, Mrs. Robert Maxwell, Mrs. Walter Meyers, Mrs. Carroll Porteous, Mrs. Howard Vaught and Mrs. Arthur Walker, all of Mundein Unit.

GRASS LAKE SCHOOL SPECIAL BOARD OF EDUCATION MEETING

Notice is given that a Special Board meeting will be held at the Grass Lake School on Tuesday, Feb. 5, 1974 beginning at 7:00 p.m. to discuss the budget. The Regular Board Meeting for February will be Tuesday, Feb. 12, 1974 at 7:00 p.m.

ASSESSMENTS NOT THROWN OUT YET

Continued from Page 1

validity of assessments in general, Robin stated that there has been no decision at this point regarding any blanket action. "This does not mean that there could not be such action in the future," he said;

"The door is still open."

"If a case is that far-reaching," he said, adding that it would have to involve a really unique situation, "we would have to consider action that would apply to everybody. There will not be a double standard," he said.

Obituaries

MR. FRED YATES, 64, of 519 Garys Drive, Antioch, Illinois passed away on Wednesday, January 16 at his home. He was born January 16, 1910 in Chicago, and moved to Antioch in 1929. He was a member of the Antioch United Methodist Church and the choir of the church. He also belonged to the Antioch Rescue Squad, the Odd Fellows Lodge and the Coast Guard Reserves. He had been employed for many years as an automobile mechanic for Reed-Randle Motors in Waukegan, then as a mechanic for Webb's Boat House in Antioch for 17 years. He drove a bus for the Antioch Township High School for 7 years. He married Fanny Westlake on April 17, 1938 in Des Plaines, Illinois.

Survivors are his wife Fanny and 1 daughter Mrs. Barbara (Robert) Lindholm (Rochester, N.Y.) 1 brother Earl Yates of Chicago and 2 grandchildren.

Funeral services were held on Friday, January 18 at the Strang Funeral Home in Antioch. Rev. Steven Williams of the Antioch United Methodist Church officiated. Interment was in Hillside Cemetery in Antioch. Memorials may be made to the Antioch Rescue Squad or the Antioch United Methodist Church.

LINDENHURST SECRETARY ATTENDS H.I.A.

More than 600 H.I.A. members throughout the state attended the 22nd annual meeting of the Illinois Health Improvement Association, January 8, 9 and 10 at the Holiday Inn East, Springfield. Among those who attended from this county were: Raymond Flood, Libertyville, President; Georgia Herman, Lindenhurst, Office Secretary.

The Celebrity Night benefit program, which was held Tuesday evening, featured dinner and special entertainment, "Hits of Broadway," by a Rockford singing and dancing group. Proceeds of the benefit program went to the Health Improvement Foundation to help provide health science scholarships for deserving students in need of financial help. The educational and business portion of the meeting followed on Wednesday morning.

THANK YOU ANTIOCH

I wish to thank all the people of Antioch and surrounding areas for their support, patronage and most of all for their friendship for the past 27 years.

I shall always be thankful and grateful to have had the opportunity to spend the best years of my life and be of service to the wonderful citizens of this area.

To all my faithful employees (past and present) I offer my deepest gratitude and sincerest thanks for their contribution and dedication.

To the tireless physicians, nurses and office staff my complete gratitude for their dedication, pleasantness and cooperation.

Again I say many thanks for having us a part of your family. **WILL MISS YOU ALL.**

Shirley, Helen, Ed and Tony KINGS DRUGS

28-c

Tom Chase and Rich Berhens were the guests of honor at a duel surprise birthday party last Saturday. Over 60 family members and friends were at the Chase's to wish the two men the best of everything. Everyone had a very good time except poor Tom, who sat with hot towels on his neck, because of a pulled muscle. The food was delicious, the drinks plentiful and the dancing great which proves the hostesses, Kathy Behrens and Dorothy Chase really did a fine job.

Happy birthday to George Pierce and Jim Morgan who celebrated earlier in the month and to Jeff gutowski who celebrated on Monday. All these young men were 17 years old and boy, do I feel old as once, a long time ago they were in my den in Cub Scouts. The trouble is it seems like only yesterday to me.

Our sympathies to Mickey and Roy Sershon and family. Mickey's brother Gene passed away in Woods Hospital in Milwaukee last week after a long illness.

The Bi-State Trail Drifters

snowmobile club held their winter bar-b-que last Sunday despite the rain. The event was held on the Morley Granger farm in Wilmot and was attended by many ChannelLake members and their families, The Bud Bakers, Mike Zeiens, Rich Behrens, Bill Baileys, Sonny Waters, Don Marcussons, Bob Gossmans and Dorothy Enzenbacher and children had a good time and tried not to let the rain bother them too much.

Five year old Wendy Wais spent last week in Victory Memorial Hospital undergoing tests after a fall and slight concussion. Wendy's parents are Jim and Shelby Wais.

Little Barbara McKinney is a patient at Victory Memorial where she underwent surgery on Monday for an appendectomy. Barie is the daughter of Lee and Marg McKinney.

Good news at the Ryzsko home as father, Steve Sr., came home from the hospital last Wednesday and is feeling very well.

Walt Soderman is holding the volleyball sessions at the school every Wednesday night at 7 p.m. All parents in our school district are invited to attend and work off the holiday surplus and have a good time with the rest of us.

Social Notes

By Del Jahneke

Lakeside Rebekah Lodge 82

One of the loveliest affairs of the year for the Lakeside Rebekah Lodge of Antioch is their annual installation of officers, held this year on January 2, 1974 at the Antioch American Legion Home. The ladies, clad in beautiful gowns all in the various tints of the rainbow, added glamour and color to the decor. Mrs. Wayne Jones was installed as Noble Grand; Mrs. Charles Wysoglad as Vice Grand; Mrs. Clarence Larson, Warden; Mrs. Ralph Fields, Conductor; Mrs. Floyd Horton, Recording Secretary; Mrs. Harold Ellis, Financial Secretary; Mrs. Walter Buchert, Treasurer; Mrs. Charles Ferris, Chaplain; Mrs. Earl Horton, Inside Guardian; Way Jones, Outside Guardian; Right supporter to the Noble Grand, Mrs. John Hagen; Left supporter to the Noble Grand, Mrs. Lillian Hand; Right supporter to the Vice Grand, Mrs. Herbert Prange; and Left supporter to the Vice Grand, Mrs. Sophie Radakovic. The Installing officer was Mrs. Verna Gahagen, Libertyville, District Three Deputy President; installing marshal, Mrs. Marguerite White, Libertyville;

"Hindsight's Better Than Foresight"

by: Rev. Eugene Keusal

Many people would say that our age is one in which conscience is greatly lacking. Before one can confirm or deny such an accusation he must first have a pretty good idea of what conscience is.

At first glance conscience is one of those words that everyone understands. It isn't until we say conscience is...and when nothing comes or we start

and other installing officers include Mrs. Mae Meyers, Mrs. Winnie Davidson, both of Waukegan; Mrs. Viola Vickery, Libertyville; Mrs. Bernice Becker, Crystal Lake; Mrs. Clarence Larson and Mrs. J. Hagen of Antioch. A very special guest of honor was Miss Nina Jones of Tennessee, Wayne Jones' sister. Miss Jones is active in Rebekah lodges in her home state, and came here especially to see her sister-in-law installed as Noble Grand.

One of the highlights of the installation was the surprise in the presentation of a presidential gavel, a gift from Wayne Jones to his wife, Shereen, after her installation as noble grand. A new approach was added to the entire ceremony since Wayne Jones, and Odd Fellow and a Rebekah member, acted as escort to his wife throughout the installation. Despite the bad weather, a nice crowd was present from Antioch, Crystal Lake, Highland Park, Libertyville and Waukegan Rebekah lodges.

Sincere best wishes for a speedy recovery go to Carolyn Horan, who is the wife of John L. Horan, Orchard Street, Antioch, and that added information is only necessary for newcomers to this community! Everybody else knows Carolyn!

A Belated "Happy Birthday" to the youngest grandson, Eddie Jahneke, the III, who celebrated his fourth birthday with a family birthday party at his grandparents' home (the senior Ed Jahneke's, Beach Grove) on Sunday, January 20th.

MUSH, YOU HUSKIES. No, it isn't Sgt. Preston (not even Sgt. Zelinski), but one of the many area dog sled enthusiasts who will be racing at the annual NICC 885 Ice Fishing Derby and Winter Festival, February 16 - 17.

ICE FISHING DERBY TO FEATURE DOG SLEDS, PRIZES

Mush! Mush! Is a new sound that will be heard at the annual running of the 1974 Combined 885 Civic Club of Antioch Northern Illinois Conservation club Ice Fishing Derby and Winter Festival, Saturday and Sunday, February 16th and 17th on the south end of Channel Lake, off of Route 173, three miles west of Antioch.

Some 100 sled dogs, consisting mainly of Alaskan Malamutes and Siberian Huskies in 15 teams will run races on both days for trophies and honors. They will be competing under the sanction of the Midwest Sled Dog Club, led by Larry Masek, Lake Villa, club president. Debbie Gupron, Waukegan, who will be racing her own dog team, is the club racing chairman and member of the Board of Directors.

All of this is but a side attraction to the main business of ice fishermen and cold weather sports enthusiasts in winning some \$5000 worth of valuable prizes by fishing through a small hole in the ice and competing in fun-filled special events in the two-day

jamboree on the Channel Lake ice.

All of the events will be run on both derby days and prizes will be given on the two days.

The derby starts at 9 a.m. with the first fish judging at 10 a.m. and every hour thereafter and closes at 4 p.m.

All told it is expected that a total of some 300 prizes will be dished out during the two-day festival. Winners need not be present.

Rules for all fishing contests and special events will be posted on the ice.

A warm headquarters building will be set up on the ice, as will a snack shack where hot refreshments will be served up all day long by ladies of the NICC 885 Club.

Main entrance to the lake will be through "Mr. Wonderful's Resort", where there are acres of free supervised parking. The resort is off of Lake Avenue, on the west side of Channel Lake, about a quarter mile north of Rte 173. There will be other supervised free parking areas spotted around the area too.

House Speaker Blair Will be Special Guest at Reception Honoring Rep. Donald E. Deuster

The speaker of the Illinois House of Representatives, W. Robert Blair, will be the special guest at a reception in Long Grove on Sunday afternoon, February 3, honoring State Representative Donald E. Deuster (R. 32nd District). Both Speaker Blair and Representative Deuster are seeking re-election to the General Assembly in 1974.

Robert Blair received his B.A. and Law Degree from West Virginia University before moving to Illinois in 1955. After serving as attorney and

assistant to the president of Swift and Company, he was elected to the Illinois House of Representatives in the 1964 at-large election. The Blairs have resided, with their three children, Steven, Mark and Susan, in Park Forest in Will County since 1957.

The public is invited to attend the reception at the Hobson House on Old McHenry Road in Long Grove on Sunday, February 3, from 3 to 6 p.m. Tickets (\$10 per couple) may be obtained from Alan Benedeck, ticket chairman, 177 Marion Drive, Mundelein, Illinois, 60060, or by calling: Antioch - Mr. & Mrs. Frank Benes 395-1444; Mr. & Mrs. Joseph V. Hunley 395-4228; Mr. Everett Oftedahl 395-0491; Mr. Bernard N. Osmond 395-1147; Dr. & Mrs. William C. Petty 395-0476; Mr. & Mrs. Raymond Schreiber 395-5461; Mrs. Vida Shunnieson 395-1418; Mr. Grant Spong 395-3300; Mr. Fred Walpole 395-3033; Mr. & Mrs. LaVerne M. Woods 395-5466 or 395-3111.

NOTICE TO BIDDERS

MFT SECTION 18-SS-CS

OAKWOOD KNOLLS STORM RELIEF SEWER ANTIOCH, ILLINOIS

Notice is hereby given that the President and Board of Trustees of the Village of Antioch, Lake County, Illinois, will receive bids at the Antioch Village Hall, 876 Main Street, until the 15th day of February, 1974 at 10:30 a.m. Daylight Savings Time, for the construction of Storm Sewer Improvements to be located in the Oakwood Knolls Subdivision. The bids will be publicly opened and read at 11:00 a.m. on February 15, 1974. Bids will be acted upon at the regular meeting of the President and Board of Trustees beginning at 8:00 p.m. on February 18, 1974.

The work to be done consists of the following items of construction:

1. The installation of a system of 60", 54", 48" equivalent, 36" and 24" diameters storm sewer including junction chambers and catch basins.

2. The excavation of an open channel consisting of 2400 cubic yards of material.

3. Miscellaneous adjustments of existing utilities and complete restoration of all areas disturbed in the construction of the storm sewer system.

All work is to be performed in accordance with the Plans and Specifications entitled, OAKWOOD KNOLLS STORM RELIEF SEWER MFT SECTION 18-SS-CS, Antioch, Illinois, dated 8-17-73, which are on file in the Village Hall and at the office of Applied Engineering Company, 1450 South New Wilke Road, Arlington Heights, Illinois, 60005.

Also, all work performed within the right-of-way of North Avenue shall conform to the Standards of the County of Lake, Department of Transportation.

All bids shall be submitted, on forms provided, to the Village Clerk on or before the time specified above.

Each bid shall be accompanied by a check drawn on and certified to be an acceptable Illinois bank in an amount of not less than ten percent (10%) of the total bid, or as specified in Section 102.09 of the Standard Specifications for Road and Bridge construction, made payable to the Village of Antioch, Illinois. The certified check shall be forfeited if the bidder fails to enter into a contract and furnish bond after his proposal shall have been accepted. The certified checks of unsuccessful bidders will be returned within 15 days of the award of a contract. The certified check of the successful bidder will be returned after he enters into a contract and furnishes a satisfactory performance bond. Bid bonds will not be acceptable.

The successful bidder shall furnish a performance and guarantee bond to the Village of Antioch in the amount of 100 percent of the contract.

Payment will be made in cash on the basis of approved progress estimates.

The work shall commence within fifteen (15) calendar days after date of written notice to proceed, and all work shall be completed within sixty (60) working days after the major components of the system have been delivered to the contractor by the supplier.

The Contractor shall pay labor employed on the work, not less than the prevailing wage scale as required by State Statutes.

The Village reserves the right to defer acceptance of any proposal for a period not to exceed thirty (30) days after opening of bids, and reserves the right to reject any or all bids, to waive informalities or technicalities in any bid, and to accept the bid which it deems to be in the best interest of the Village of Antioch, Illinois.

Bid documents are available from Applied Engineering Company, 1450 S. New Wilke Road, Arlington Heights, Illinois 60005, and from the Village of Antioch, 876 Main Street, Antioch, Illinois 60002, for a non-refundable charge of ten (10) dollars.

BULLDOGS BREAK SOPH WIN STREAK

Last Friday Antioch's unbeaten Sophomore wrestlers met undefeated Grant High School to determine who would claim sole ownership of first place in the N.W.S.C. The Grant Bulldogs came away with a thrilling 26-24 come-from-behind win before a large crowd at Antioch High School. The Bulldogs were down 24-14 with two matches to go, and were able to score two falls to ice their victory.

Dave Bogaerts and Dick Kessler led the Sequoit attack with pins over their Grant opponents. Several Sequoits were handed losses by very close scores in the emotion-packed match: John Davis 5-4; Mike Walsh 4-3; and Mark Ring 4-2. Rich Coles had the upset of the evening with a well-executed 2-1 win at the 132 pound weight class. In the final match, Grant Jorgensen gave Grant's undefeated heavy-weight Rocky Lambert a real battle before finally losing by a fall. Commenting on the tough loss, Coach Wapon felt that, "... lack of experience in pressure situations really hurt us. Grant did an excellent job of preventing us from getting our normal number of pins, and then going on to win most the close-score matches. We matured a lot in this match and will be looking forward to wrestling against Grant again in the Round Lake Tourney in February."

The Sequoits wrestle against Cary Grove High School at Antioch on Friday (January 25, 1974) beginning at 6:45 p.m.

SEQUOITS NIP GRANT. The Antioch varsity wrestlers upset the Grant Bulldogs in a home match Friday night, by a score of 24 - 20. The grappler above really got on top of his opponent in an attempt to overturn him. The wrestler below seems to have buried himself in the match, or perhaps he just lost his head. (Photo by Todd Seisser)

7th GRADERS WIN FIRST CONFERENCE GAME

Antioch won its first league start against Fox Lake last Thursday by a score of 29 to 26 in a closely fought contest. The half-time score was tied at 8 to 8. In the third quarter, Antioch was outscored by Fox Lake 12-6. In the fourth quarter with 30 seconds left, Fox Lake's zone press got them 2 quick baskets before time ran out. Roger Korynick's outside shooting and 4 out of 4 free throws gave him 12 points for top honors. Mark Biel scored 3 baskets in the second half for 6 points.

Antioch lost to Woodland on Tuesday by a score of 28 to 17. The team missed a number of lay-up shots and only made 7 of 18 free throws. They were outscored 13 to 1 in the third quarter which they could not recover. Oddsen was high with 6 points.

The Antioch News SPORTS

ANTIOCH UPSETS GRANT

The Antioch varsity wrestlers pulled the upset of the year Friday night by defeating the Grant Bulldogs 24-20 at Antioch. Grant entered the contest with an 8-1 record and a 5-0 conference mark while the Sequoits were 6-5-2 with a 3-2

Northwest Suburban record.

Antioch never trailed as they ran off four straight wins at 98, 105, 112, and 119 to lead 15-0. Three of these matches were won in the third period as Antioch's conditioning and larged home crowd helped Dave Severson, Dennis Thain and Scott Shaffer all come from behind to win. Grant tied the score with wins at 126, 132, 138 and 145, but three Antioch seniors came through with wins to cinch the win: Mark Mohar, Bill Beese, and Steve Coles all recorded decisions to put the meet on ice for the Sequoits. This win puts renewed hope that the Sequoits will be able to repeat as conference champions.

Tuesday night McHenry visits Antioch for a four level meet beginning at 6:45 and Friday night new conference member Cary Grove comes to Antioch.

Grant at Antioch

98 Parpan, w-d; 105 Severson, w-d; 112 Thain, w-d; 119 Shaffer, w-f; 126 Kisser, l-d; 132 Hogan, l-d; 138 Meyer, l-f; 145 Olsen, l-d; 155 Mohar, w-d; 167 Beese, w-d; 185 Coles, w-d; Hwt Meyer, l-f.

Final score: Antioch 24, Grant 21.

ANTIOCH CAGERS WIN TWO

The past weekend was a sweet one for the Antioch Varsity Basketball team, as they beat two conference teams the Grant Bulldogs and the Grayslake Rams. On Friday evening, the Sequoits traveled to Grant and the Bulldogs were ready for the big game, but the Sequoits kept their poise and won 73-63.

The game started out like it was all Grant as they reeled off seven straight points, but the Sequoits hung in there, working and scrapping and at the end of the 1st quarter, the Antioch Cagers were down only one point, 17 to 16.

With some fine team play, the Sequoits took control of the game in the second quarter, as the cagers were able to get the ball inside to Vic McGuire, Mike Perrone and Russ Albano. During the early going of the 2nd quarter, the Sequoits finally took a short lead in the game 27 to 23, but at this point Grant rallied to score nine straight points for a 32-27 lead, a lead that they controlled until the end of the 1st half. Score at this point was 36-31 Grant in control.

As the 3rd quarter started, Grant continued to hold on to the 5 point lead, but at the four minute mark, Vic McGuire stole the ball twice and scored to bring Antioch back to 44-43 deficit. Then late in the quarter baskets by McGuire, Albano, and Perrone moved the Sequoits ahead to stay, as the quarter ended 55 to 50 in Antioch's favor. Also during this quarter John Janosko was used for defensive purposes and held the hot shooting Kemnetz to only one basket.

At the beginning of the fourth quarter, the Sequoits hit two quick baskets to open up a 9 point lead which they maintained throughout the fourth quarter and a final 73-63 victory.

"It was a most satisfying victory for the basketball team, the players really gave a good account of themselves, they really functioned," quoted Coach Andrews. Added Coach Andrews, "the defensive play of both Vic McGuire and John Janosko were the real highlights of the game, but it was also good to see the scoring picked up by Albano, McGuire and Perrone."

On Saturday evening, the Sequoits played poor host to Grayslake as they knocked off the Rams 80 to 57. Starting fast, the Sequoit cagers opened up an early lead and by the end of the first quarter, the score was 23 to 8.

Using a fast break, good defense, and balanced scoring

the Sequoits really rolled and late in the 2nd quarter coach Andrews started to substitute. "It was good to see the team in a relaxed state after the big game on Friday evening, the team was terrific," stated the Sequoit mentor.

In the second half the reserves were used at great length and gave a very good account of themselves.

The scoring was lead by Mike Perrone, Mark Andrews, and Mike Gutowski with 18, 15 and 14 points respectively. Andrews returned to good form after not feeling too well during the week, due to illness and still didn't feel up to par for the Friday night game.

The weekend games proved to be very terrific for the Sequoits as their conference lead was extended to two games. All the teams only one game back lost at least once, and the Sequoits are still undefeated. The Sequoits next game is Friday evening against Cary Grove—a team in second place with a record of 4 wins - 2 losses.

SOPH CAGERS REMAIN IN FIRST PLACE

The Antioch Sophomore Basketball Team remained in first place, and undefeated in Conference play over the past weekend. On Friday the Sophs defeated Grant 58 to 43 and Saturday the Sophs beat Grayslake 61 to 43.

George Ferguson led the scoring against Grant with 19 pts, followed by Scott Kimball with 15, Jon Bodin - 11, Mitch Witt - 9, Tom McAvoy - 2, and Bob Dubek - 2.

In Saturday's game with Grayslake, Scott Kimball led the scoring with 19 points, followed by John Bodin with 17,

George Ferguson - 11, Jeff Eder - 9, Mitch Witt - 3, and Bob Dubek - 2.

Coach Allen is pleased with the improvement the Sophomore team has made over the season. "We have improved our defense and rebounding and our overall team play has improved tremendously. It's difficult to single out one individual who has improved the most. All the team members have worked hard and all of them have become better players."

Antioch plays at Cary Grove this Friday at 6:45 p.m.

Snowmobile Instruction Course For Youngsters 11-16

Under both Illinois and Wisconsin snowmobile laws, it is illegal to operate a snowmobile without a valid driver's license. But, children between the ages of 11 and 16 may operate a snowmobile, if they are "certified operators". In order for a child to become a certified snowmobile operator, they must attend a course taught by a certified instructor.

The course consists of 6 hours of classroom instruction and 3 hours of out-of-doors instruction on the machine. The basic objective is the instruction of safety, maintenance of snowmobiles, snowmobile laws, operation of the machine and nomenclature of the machine.

This year in Wisconsin, and particularly in southern Wisconsin, many law enforcing agencies will be strictly enforcing the laws that an operator either possess a valid driver's license or be a certified operator.

Three new instructors in this area have attended certification classes and are ready to offer

the course. These instructors, from the Sequoit Sno-Chiefs Snowmobile Club in Antioch, are, Robert Matthews, President, Phil Horsch, Vice-President and Herb Horton, Jr., Trailmaster. If you are interested in enrolling your children in this course or wish to obtain information about the course, call Bob Matthews at 395-1019. The one requirement that the instructors insist on is that at least one parent accompany each child during the instructions.

EMMONS MOVES TO TOP

Emmons School outlasted Spring Grove 33-32 to take over undisputed first place in the Big Six conference. In a battle of the powers Emmons came away with a breath-taking last minute victory.

Spring Grove started in a zone press that Emmons broke through in the first quarter for an 8-6 lead. In the second quarter Spring Grove abandoned its press and dropped back into a zone that proved extremely tough. The Eagles fired in ten points before Emmons answered with a basket. Finding the basket again the Raiders closed the Spring Grove lead to 19-15 at the half.

As the second quarter belonged to Spring Grove, the third quarter belonged to the Raiders. Going to a man to man press Emmons changed the pace of the game and outscored its opponent 10-5 in the quarter.

This allowed Emmons to go into the final quarter with a point lead that proved decisive. The two teams exchanged baskets throughout the period. Spring Grove put up a flurry of shots at the end of the game but could not get the ball to go down.

Game scoring honors went to Emmons' Bill Dubek with 17. Spring Grove had two players in double figures as Phil Rinda hit for 11 and Don Stanulis added 10, while Mark Adomatis connected for 8. John Eder and Tracy Sodman each counted for 6 Raider points, while Sodman added 8 rebounds to trail Dubek's team high of 14.

Emmons easily won the B game 38-17, as Nick Carl poured in 12 points and Mike O'Brien, Roger Plechaty and Tom Connelly added six each for the winners.

Emmons recently downed Millburn 48-36 and Big Hollow 35-28 on the 8th grade level.

Emmons hosts St. Patrick Thursday, January 31 at 7:00 p.m.

	FG	Ft	P	TP
Sodman	2	2	4	6
Bodin	2	0	2	4
Dubek	8	1	3	17

ANTIOCH'S
"PICK-A-WINNER"

BASKETBALL CONTEST

\$5.⁰⁰ Weekly Winner

RULES OF THE GAME

This contest is open to everyone except employees and families of The Antioch News. Each week choose what you think the score of the coming game will be. Mail your entry form or reasonable facsimile to P.O. Box 5, Antioch; or bring it into the Antioch News Office. Closest estimate wins. In case of winning score ties, the winning name will be drawn from a hat. Entries must be in the office or postmarked before the game. Winners will be announced in the following paper on this page.

This contest is sponsored by the following merchants:
